Ecology

Education

Justice

“Education’s purpose is to replace an empty mind with an open one.”

Malcolm Forbes

When the last tree has been felled, when the last river has been poisoned, when the last fish has been caught, then we'll know that money can't be eaten.

Geronimo

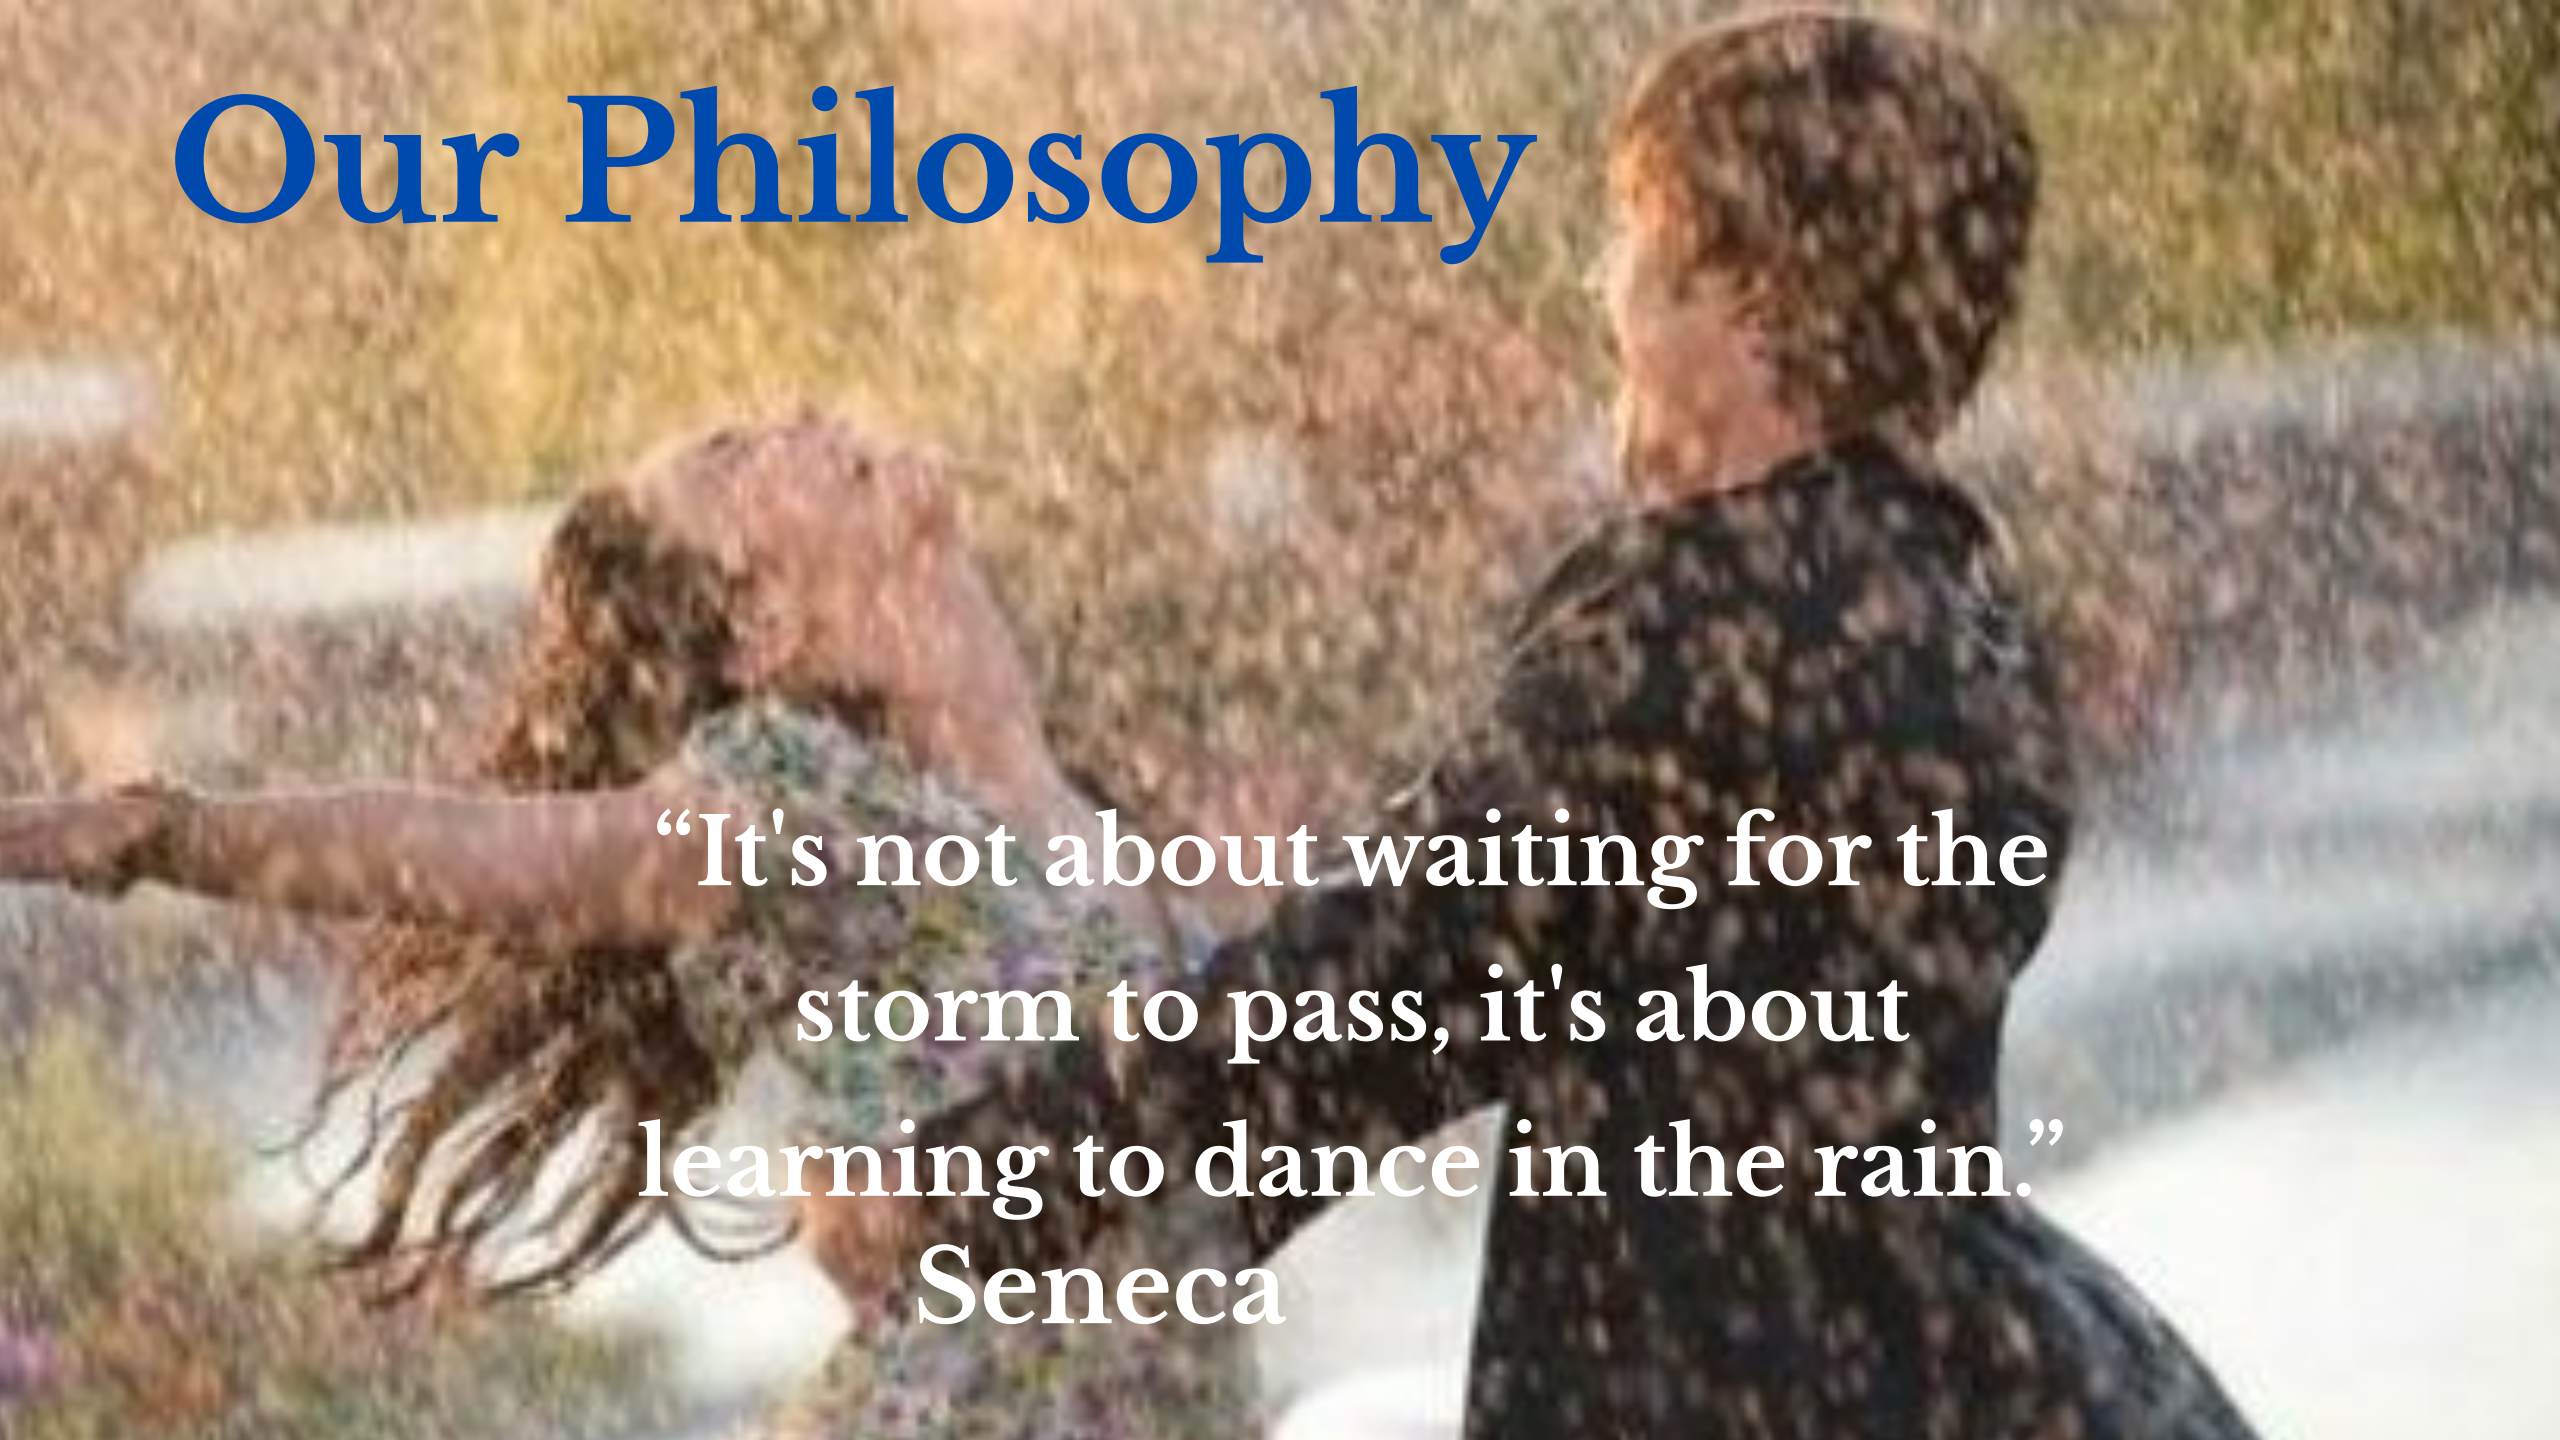

He who opens a school door, closes a prison!

Victor Hugo

Our Philosophy

A romantic couple is shown from the chest up, dancing in the rain. The man, on the right, has short brown hair and is wearing a dark, patterned shirt. The woman, on the left, has long brown hair and is wearing a light-colored, patterned dress. They are both looking towards the left, away from the camera. The background is a soft-focus view of a field with tall grass and some trees under a hazy, rainy sky. The overall mood is romantic and serene.

“It's not about waiting for the
storm to pass, it's about
learning to dance in the rain.”
Seneca
